# Yash Khemani

93512-61126 | yash@mail | linkedin.com/in/yash | portfolio.com/yash

## EDUCATION

**Aryabhatta College Of Engineering & Research Center**　　　　　　　Ajmer, Rajasthan
*Bachelor of Computer Applications*　　　　　　　　　　　　　　　　*Aug. 2020 – May 2023*

**HKH Public School**　　　　　　　　　　　　　　　　　　　　　　Ajmer, Rajasthan
*Associate's in Accounting (Commerce)*　　　　　　　　　　　　　　*Aug. 2018 – May 2020*

## EXPERIENCE

**Full Stack Developer (Internship)**　　　　　　　　　　　　　Aug. 2023 – Feb. 2024
*Endeavor Services*　　　　　　　　　　　　　　　　　　　　　　　　*Rajasthan*

- Developed and Maintained Web Applications: Utilized the MERN (MongoDB, Express.js, React.js, Node.js) stack to develop and maintain scalable web applications, improving user experience and performance.
- API Development: Designed and implemented RESTful APIs using Node.js and Express.js, ensuring efficient data flow between the server and client.
- Frontend Development: Built dynamic and responsive user interfaces with React.js, implementing state management with Redux to enhance the application's interactivity and maintainability.
- Database Management: Created and managed MongoDB databases, including schema design and query optimization to ensure efficient data storage and retrieval.
- Code Reviews and Collaboration: Participated in code reviews and collaborated with a team of developers using Git for version control

## PROJECTS

**Talk-A-Tive** | *MongoDB Express.js React.js Node.js Socket.io Render ChakraUI Git*　　　March 2024 – May 2024
- Frontend Development: Built a responsive and dynamic user interface with React.js, ensuring an intuitive and smooth user experience.
- Backend Development: Implemented server-side logic using Node.js and Express.js to manage chat functionalities and user interactions.
- Real-Time Messaging: Integrated Socket.io for real-time communication, providing users with instantaneous message delivery and reception.
- Database Management: Utilized MongoDB for storing user data and chat history, ensuring efficient data handling and retrieval.
- Deployment: Deployed the application on Render, facilitating seamless continuous integration and deployment processes.

**Apna Store** | *React.js, CSS, HTML, Netlify.*　　　　　　　　　　　　　Jan. 2024 – March 2024
- Frontend Development: Designed and implemented the user interface using React.js, ensuring a responsive and intuitive design for both desktop and mobile users.
- State Management: Utilized React hooks for efficient state management and component lifecycle handling, enhancing the performance and maintainability of the application.
- UI/UX Design: Created visually appealing layouts and user-friendly navigation, optimizing the overall user experience.
- Product Listings: Implemented dynamic product listings with sorting and filtering options to help users easily find products.
- Deployment: Deployed the application on Netlify, ensuring continuous integration and delivery for rapid development cycles.

## TECHNICAL SKILLS

**Languages**: Java, C/C++, Python, JavaScript, HTML, CSS
**Frameworks**: Express.js, Node.js Chakra-UI, RestAPI
**Developer Tools**: Render, Netlify, Git, Postman, VS Code, IntelliJ
**Libraries**: React.js, Socket.io, MongoDB (Mongoose)
